Aims and Scope

Erciyes Medical Journal (Erciyes Med J) is an international, peer-reviewed, open access publication of the Erciyes University School of Medicine. Four issues a year were published beginning in 1978, and in 2021, six issues will be published annually in January, March, May, July, September, and November. The publication language of the journal is English.

The journal accepts clinical and experimental research articles in different fields of medicine: original articles, brief reports, invited commentaries, reviews, invited reviews, original case reports, case images, letters to the editor, and articles on the history of medicine, as well as manuscripts regarding international scientific meetings and symposiums and other articles written to share scientific knowledge with readers. Research articles and specific medical topics related to global health and medicine are prioritized.
